

### Getting the Most out of Your MV Funding Account Funding Your Investments

Whether you're in search of shares on the secondary market or you're looking to back the next upand-coming startup, we have always aimed to make the investment process as simple and streamlined as possible for all of our investors. With the roll-out of the MV Funding Account, investing is now even easier.

#### **Accessing Your MV Funding Account**

In the past, investors funded their investments through an individual account. Through the MV Funding account, you can now fund investments and move money between connected accounts. To view your MV Funding account, simply:

- 1. Login to your MicroVentures account
- 2. Hover over your profile in the top right corner of the homepage
- 3. Click "Funding Account"

#### **Funding Your Investment**

The investment process has largely remained the same. After inputting the amount you'd like to invest and selecting your profile, you'll be asked to confirm your investment and provide your signature before continuing on to funding.

If you haven't connected any accounts to your MV Funding Account, you'll be able to an account on the investment confirmation page.

After thoroughly reviewing which account you're investing from, the investment amount, and confirming your payment, you'll select "Complete Investment."

#### Funding via Wire

Wire payments can be completed by transferring funds directly to your MV Funding Account. Directions for wiring can be located on your Funding Accounts page - please note, wire payments must be received within 7 days. Otherwise, the investment will be canceled, and you will be notified via email. Once we have received payment, we will let you know that your investment has been funded.

#### **Transferring Funds Into Your Account**

Once your MV Funding Account is active, you will be able to transfer funds into it. Simply choose the linked account you'd like to make the transfer from, confirm your payment, and select "Submit Transfer." There are no fees for ACH transfers, but there is a 3.5% convenience fee for transfers made from credit or debit cards.
